The following name-list is that of the prisoners of war who are believed to have been transferred from the Navy to the Tokyo Prisoners of War Internment Camp on 10 July 1944.

The reasons:

- 1) The name-list which should have been attached to the document sent from the Navy Ministry to the War Ministry during the war, became lost unawares and is not to be found among the documents now in the custody of the Prisoners of War Information Bureau.
- 2) Therefore, the name-list was compiled as follows: From among all the respective name-cards of prisoners of war in the custody of the Prisoners of War Information Bureau, all those were taken out which showed that transfer from the Navy to the Tokyo Prisoners of War Internment Camp took place on 10 July 1944, and from them the data deemed necessary were summed up in the name-list.
